

Product Details

Features 2 phases, 30V supply voltag, 7.5 degree step resolution, S35M048S26 model, good performance and reliable.

Specification:

| | |
|-----------------|-------------------------------|
| Product Name | Stepper Motor |
| Model | S35M048S26 |
| Supply Voltage | 30V |
| No. of Phases | Two |
| Step Resolution | 7.5° |
| Coil Resistance | 5.3 Ohm |
| Body Dimension | 1.8 × 3.5cm/0.7" × 1.37"(H*D) |
| Hole Diameter | 3.1mm/0.12" |
| Knob Dia. | 13.5mm/0.5" |
| Cable Length | 40cm/15.7" |
| Main Material | Metal |
| Color | As Picture shown |
| Net Weight | 93g |
| Package Content | 1 × Stepping Motor |

Description:

- Features 2 phases, 30V supply voltag, 7.5 degree step resolution, S35M048S26 model.
- Applications: ideal for medical, instrumentation, and valve applications.
